

To request a Time Extension (TE) or Alternative Diversion Requirement (ADR), please complete and sign this form and return it to your Office of Local Assistance (OLA) representative at the address below, along with any additional information requested by OLA staff. When all documentation has been received, your OLA representative will work with you to prepare for your appearance before the Board. If you have any questions about this process, please call (916) 341-6199 to be connected to your OLA representative.

Mail completed documents to:

California Integrated Waste Management Board  
Office of Local Assistance, (MS 25)  
1001 I Street  
PO Box 4025  
Sacramento CA 95812-4025

### General Instructions:

For a Time Extension complete Sections I, II, III-A, IV-A, and V.

For an Alternative Diversion Requirement complete Sections I, II, III-B, IV-B and V.

### Section I: Jurisdiction Information and Certification

All respondents must complete this section.

I certify under penalty of perjury that the information in this document is true and correct to the best of my knowledge, and that I am authorized to make this certification on behalf of:

Jurisdiction Name Town of Apple Valley		County San Bernardino	
Authorized Signature 		Title Community Services Manager	
Type/Print Name of Person Signing Diana McKeen	Date December 30, 2002	Phone (760) 240-7000 x 7521	
Person Completing This Form (please print or type) Diana McKeen		Title Community Services Manager	
Phone (760)240-7000 x 7521	E-mail Address dmckeen@applevalley.org		Fax (760)240-7399
Mailing Address 14955 Dale Evans Parkway	City Apple Valley	State CA	ZIP Code 92307

## Section II—Cover Sheet

**This cover sheet is to be completed for each Time Extension (TE) or Alternative Diversion Requirement (ADR) requested.**

### 1. Eligibility

Has your jurisdiction filed its Source Reduction and Recycling Element, Household Hazardous Waste Element, and Nondisposal Facility Element with the Board (must have been filed by July 1, 1998 if you are requesting an ADR)?

☐ No. If no, stop; not eligible for a TE or ADR.

☒ Yes. If yes, then eligible for a TE or ADR.

### 2. Specific Request and Length of Request

Please specify the request desired.

☒ **Time Extension Request**

Specific years requested 2003-2004

Is this a second request? ☒ No ☐ Yes Specific years requested. \_\_\_\_\_  
(Note: Requests for an additional extension will need to address why the jurisdiction's efforts to meet the 50% goal by the end of the first extension were not successful.)

☐ **Alternative Diversion Requirement Request (Not allowed for Regional Agencies).**

Specific ADR requested \_\_\_\_\_%, for the years \_\_\_\_\_.

Is this a second ADR request? ☐ No ☐ Yes Specific ADR requested \_\_\_\_\_%, for the years \_\_\_\_\_.

(Note: Requests for an additional ADR will need to address why the jurisdiction's efforts to meet 50% by the end of the first ADR period were not successful.)

**Note:** Extensions may be requested anytime by a jurisdiction, but will only be effective in the years from January 1, 2000 to January 1, 2006. An original request for a TE/ADR may be granted for any period up to three years and subsequent requests for TE/ADR may extend the original request or be based on new circumstances but the total number of years for all requests cannot total more than five years or extend beyond January 1, 2006.

### **Section IIIA—TIME EXTENSION**

**Within this section, discuss your jurisdiction's progress in implementing diversion programs that were planned to achieve 50%. Provide any additional information that demonstrates "good faith effort." The CIWMB shall determine your jurisdiction's progress in demonstrating "good faith effort" towards complying with AB 939. Note: The answers to each question should be comprehensive and provide specific details regarding the jurisdiction's situation.**

*Attach additional sheets if necessary—please reference each response to the appropriate cell number (e.g., IIIA-1).*

- 1. Why does your jurisdiction need more time to meet the 50% goal? Describe why SRRE selected programs did not achieve 50% diversion. Identify barriers to meeting the 50% goal and briefly indicate how they will be overcome.**

Apple Valley has implemented the programs projected in the SRRE plus additional alternative programs. However, a significant section of the waste stream lies outside the city's control. According to County Disposal Reports, approximately 20% of the total Apple Valley tonnage taken to County landfills is self-haul. Without landfill-based recycling programs, the recyclable component of this tonnage remains undiverted. San Bernardino County has now indicated that it intends to promote commingled recycling opportunities at landfill sites. This will have a substantial impact on the amount of Apple Valley self-haul materials that can be diverted, provided that proper allocation methods are developed to ensure diversion credit goes to the jurisdiction of origin.

The Town population has deliberately sought to retain a rural lifestyle. The large lots and expense of water in the desert, plus the xeriscaping ordinance, have limited the amount of greenwaste that can be recovered.

In addition, Apple Valley is essentially a bedroom community, providing premium housing for commuters working out of the area. There are no malls or large-scale commercial/industrial complexes from which to collect source-separated recyclables. The franchised hauler in Apple Valley is working on expanding the commercial select route to try to pull in some of the recyclables in the commercial waste stream not already collected on the regular commercial recycling route.

- 2. Why does your jurisdiction need the amount of time requested? Describe any relevant circumstances in the jurisdiction that contribute to the need for a Time Extension.**

No single component of the waste stream generated by the Town (i.e., greenwaste, foodwaste, C&D, etc.) is sufficient to achieve the required 50% diversion except the self-haul tonnage. Apple Valley's ability to achieve any diversion of self-haul disposal is completely contingent upon the County's success in establishing recycling opportunities on the landfill sites. The County's 1066 Time Extension request projects that this task will be completed in January of 2004.

- 3. Describe your jurisdiction's Good Faith Efforts to implement the programs in its SRRE.**

As indicated in the Town of Apple Valley's 2000 Electronic Annual Report, the Town is at 43% diversion. Virtually all programs in the SRRE have been implemented and are ongoing, including construction and operation of a clean MRF, mandatory trash collection, mandatory residential recycling, variable rates to make recycling economically attractive; active participation in a regional JPA addressing recycling and waste management needs, local and regional educational programs and printed materials promoting recycling, backyard compost training; free multiple special waste collections are provided residents annually for tires, mattresses, Christmas trees, and appliances; two annual curbside bulky item collections support the diversion programs, as does the ongoing HHW collection at the permanent collection center. The Town has added CRTs and fluorescent tube collection to its household hazardous waste collection program with the assistance of a grant from the CIWMB. A green procurement policy was implemented with a Town Council resolution in January of 2001.

- 4. Provide any additional relevant information that supports the request.**

In 2000, Apple Valley self-haul at County landfills was reported to be 8,115.74 tons, or 19.39% of all Apple Valley waste at these landfills. In 2001, self haul was reported as 8,539.93 tons, or 19.26% of all waste disposed. This is a significant portion of the waste stream which is currently out of the Town's ability to divert. If half of the self-haul material were recycled, Apple Valley's diversion rate would increase by over five percentage points.

## Section IV A—PLAN OF CORRECTION

A Plan of Correction is required by PRC Section 41820(a)(6)(B). The plan is fundamentally a description of the actions the jurisdiction will take to meet the 50% goal by the expiration of the Time Extension.

Attach additional sheets if necessary.

Residential %		60%	Non-residential %		40%
PROGRAM TYPE	NEW or EXPAND	DESCRIPTION OF PROGRAM	FUNDING SOURCE	DATE FULLY COMPLETED	ESTIMATED PERCENT DIVERSION
Please use the Board's Program Types. The Program Glossary is online at:  www.ciwmb.ca.gov/LGCentral/PARIS/Codes/Reduce.htm					
Commercial Self-Haul; Other Facility Recovery	New	County to implement landfill diversion recycling program which will create diversion of self-haul tonnages from all jurisdictions. The Town will begin a comprehensive program of education and promotion as soon as these are available to the public.	County	1/04	4%
Commercial On-Site Pickup	Expand	Hauler to expand existing commercial select program to increase tonnage of recyclables collected. The Town will increase its contacts with businesses to encourage establishment of commercial recycling accounts.	General fund	1/04	3%
Total Estimated Diversion Percent From New and/or Expanded Programs					7%
Current Diversion Rate Percent From Latest Annual Report					43%
Total Planned Diversion Percent Estimated					50%

## PROGRAMS SUPPORTING DIVERSION ACTIVITIES

PROGRAM TYPE	NEW or EXPANDED	DESCRIPTION OF PROGRAM	DATE FULLY COMPLETED
Public Education	Expanded	The Town will increase its efforts to obtain diversion of C&D from builders and developers.	Ongoing
Public Education	New	The Town will begin a comprehensive program of education and promotion around the County's landfill-based diversion programs as soon as these are developed.	1/04
